

We are taking part in...

## Rafiki Relay for Education – Cairo to Cape Town!

From the 26th April our students and staff will walk, run, cycle or swim to improve fitness and well-being, learn about Africa and have fun fundraising!

Our combined distance will be added to the collective effort of all Relay participants, and over a 6 week period we can follow this collective progress live on the Relay challenge platform – where we will also enjoy learning about 12 landmark milestones of outstanding beauty and interest as we make our way through the African continent together!

The students have seen a presentation in assembly this week and more information will follow – for now we encourage our students to rally support for their fundraising pages!

Oxfordshire based charity Rafiki Thabo Foundation are inviting us to take part for free with a pledge to support them through fundraising – parents and families are welcome to enter as well – see their website!

Rafiki Thabo’s vision is that young people, including those living with disabilities, will be empowered through education to enable them to reach their full potential and initiate positive change in their communities.
